DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 6 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record discloses the claimed invention including a longitudinally extending outer body having a hinged opening formed therein, the outer body defining an interior chamber that extends throughout a substantial portion of the outer body; a plug located within the interior chamber and attached to an inner wall thereof about an entire periphery of the plug in a manner forming a sealed relationship between the plug and the inner wall, thereby defining a first interior chamber and a second interior chamber, the second interior chamber in fluid communication with the hinged opening of the outer body. However, the prior art neither discloses nor fairly teaches an unrestrained hinge opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. This statement is not intended to necessarily state all the reasons for allowance or all the details why the claims are allowed and has not been written to specifically or impliedly state that all the reasons for allowance are set forth (MPEP 1302.14).
